

# **COSTA Intergenerational Project**

## ***Killyman Intergenerational Project***

As part of the Killyman Intergenerational Project (Youth Action and COSTA - Community Organisations of South Tyrone & Area), LGNI visited Stormont in November with participants pictured below. This project was supported by LGNI through the provision of training and activity costs and focused on generations working together to discuss community issues and involved meeting with local councillors, developing a community calendar and visiting Stormont. During the visit the group found out how the Assembly works and were welcomed by MLAs Sandra Overend and Lord Morrow.
